PROFESSIONAL

Artists' Acrylic Colors

The professional's choice at the right price

Utrecht has been milling high-viscosity professional artists' acrylic colors at our Brooklyn mill since 1957 — and we're one of the only manufacturers in the world to do so. We combine the same high-quality pigments that are used in our oils with the purest acrylic polymer vehicle, ensuring excellent tint strength. Utrecht craftsmen monitor the manufacturing process with painstaking care to create a product with superior intensity, opacity and longevity. Unparalleled quality and value — it's precisely what professionals have come to expect from Utrecht.

Gregory Burns

"Painting on locations in Cambodia, Burma or Laos requires durable materials. I always carry Utrecht Artists' Acrylics in my backpack."

"I use Utrecht Artists' Acrylics because I find that the pigments are rich and powerful. Their strength and resilience allows me many options for glazing and impasto techniques."
